Julien Tall Drawer Chest

W38 D19 H55 in.

Sophisticated yet understated, the Julien collection is designed for bedroom function; but it is very adaptable to other spaces. Stand-alone or bunched the Julien Tall Drawer Chest provides many opportunities. Highlighted by a smoky grey luxurious finish over the veneer, clean lines and beautifully machined satin brass hardware add great attention to detail. The inset bracket-style brass leg adds relief as well as additional character.

Finish: Smoky Grey
